

Northern California Sierra Zone Championship Local Qualifying

We will have a two-day qualifying event to choose our team to send to Monterey for the annual Northern California Sierra Zone Championship. The WRMGC men's club team will be funded to play one round at Poppy Hills GC and one round at another Monterey Peninsula golf course for the Regional Zone qualifying. The dates for this event are TBD, with the two tops teams returning in August for the championship at Spyglass Hill and Poppy Hills GC. Our players will qualify locally from the 2.5 hawks, a maximum handicap of 18.4. Please indicate that you want to qualify when signing up for the Men's play days TBD in June.
