

2024 Robins Mission Partner Challenge Champions:
AFLCMC/HBY Electronic Warfare System Program Office
(Brent Hamm, Calvin Piper, Justin Brooks, Rod Brooks)

TEAM ROBINS CHALLENGE

The men and women serving our great nation and its allies here at Robins AFB are crucial to our national security and community. We all have an extremely important role in remembering our past but also an equally important role in preparing our children and community for the future. This challenge gives us the opportunity to promote comradery amongst the many Team Robins members located at Robins AFB and our Central Georgia Community and Industry, all working together to promote STEM education to develop our workforce of the future and our **Leaders of Tomorrow**. We thank you greatly for your service! We hope you'll join us.

Winning team will receive a Mission Quest Flight Simulator Team Building Experience at The Museum of Aviation. Plan and fly a mission together!
