Dixie Crows in the Community

"The winners of the Robins Mission Partner Challenge were recently recognized during a special presentation at the AFLCMC/HBY (Electronic Warfare Program Office) All Call as part of the 2024 National STEM Academy (NSA) Benefit Golf Tournament held this past year. Team Members Present – " Calvin Piper and Rodney Brooks" Not pictured: 2d Lt Justin Brooks and Brent Hamm – with SML – Col Marc Lewis, Tiffany Joe Kelley, Dan Rhoades and Lisa Frugé-Cirilli.

This event helps fund the NSA's educational programs, which reached more than 55,000 students and educators last year. The challenge brought together teams from across Robins Air Force Base, fostering teamwork and innovation in support of STEM education. Congratulations to the winning team for their dedication and hard work in making a difference for future generations!"
