Dixie Crow Spirit on Display During 340-Mile USAF Ride

Two familiar faces put the Dixie Crow spirit on the road last week. Dave Brown and Lester Moes took part in—and supported—a 340-mile United States Air Force ride, logging long hours in the saddle to champion camaraderie, fitness, and community service. The effort highlighted the chapter's tradition of showing up where it counts: lending time, talent, and energy to causes that strengthen our military family and the communities around Robins AFB. Whether pulling, pacing, or running support, Brown and Moes embodied the "serve first" ethos that has defined Dixie Crow for decades. Their ride reminds us that chapter pride isn't just something we talk about—it's something we do.
